

# 303GCB Wall Phone Two Intercom Channels with Simultaneous Paging

This Sleek wall mount unit provides two intercom channels for efficient operations. No codes to remember, no annoying tones over the PA speakers, no computer to program and best of all easy on your budget. The 300 Series has Simultaneous paging allowing overhead paging even when the intercom channels are in use with no interruption. Our top mounted channel selector switch is metal, sealed and guaranteed for thousands of uses. The Magnetic Hook Switch eliminates all moving parts in our cradle. This switch provides an efficient, noise free, smooth, silent hangups. The state of the art Phoenix Fixed Terminal Blocks allow for smooth, corrosion free connections. Plus - all of our models are available in standard bold Black and raging Red.
